

MNC 2012 - 25th International Microprocesses and Nanotechnology Conference

Veranstaltung - MNC 2012 - 25th International Microprocesses and Nanotechnology Conference ∪

Titel	MNC 2012 - 25th International Microprocesses and Nanotechnology Conference
Wann	Di, 30. Oktober 2012 - Fr, 2. November 2012

Beschreibung

MNC 2012 - 25th International Microprocesses and Nanotechnology Conference

Microprocesses and Nanotechnology is playing an important role of technical backbone for constructing the advanced information communications society with ubiquitous net works of the 21st century.

The MNC conference is providing a forum for discussing lithography science and process technology using photon, electron, ion, other energetic particles and nanomaterials.

This conference covers on one side applications to micro-and nano-structure fabrication and related physics and devices, on the other hand also fusion applications with other fields like bio, medical information, and communication technology.
