

Techniques and Optimization in Optics Fabrication

Veranstaltung - Techniques and Optimization in Optics Fabrication

Titel	Techniques and Optimization in Optics Fabrication
Wann	Mi, 14. November 2018 - Fr, 16. November 2018

Beschreibung

Techniques and Optimization in Optics Fabrication

... a theoretical and practical course and experiences on high level optical fabrication technologies

Workshop: Wednesday (14.11.2018), 12:00 to Friday (16.11.2018), 16:00
