

ASD 2022 - 6th Area Selective Deposition Workshop

Veranstaltung - ASD 2022 - 6th Area Selective Deposition Workshop

Titel	ASD 2022 - 6th Area Selective Deposition Workshop
Wann	Do, 7. April 2022 - Fr, 8. April 2022

Beschreibung

ASD 2022 - 6th Area Selective Deposition Workshop

This event is centered on showcasing developments across the whole spectrum of area-selective deposition.

This workshop includes the following topics:

- Near Term Technology Readiness (Scalable and Relevant ASD Processes for Use in Manufacturing)
- Fundamentals of ASD (Defects, Growth Mechanisms and Inhibitor Chemistries)
- Metrology Techniques for ASD
- Emerging/Exploratory ASD Processes and Applications (e.g., Catalysis, Energy Generation and Storage)
